

## **WORLD CLASS INDUSTRY PROVEN GUIDED ASSEMBLY**

Perfect products through augmented reality-based instructions and quality assurance

xMake is an innovative “make-by-vision” solution for manufacturing processes. Dynamic step-by-step instructions directly in the field of view of the worker replace error-prone paper lists and provide a guided assembly while leaving the hands free for actual tasks. The built-in quality assurance through cameras and sensors ensures perfect outcome of every step of the production process.

xMake’s flexibility stands out: it is mobile, needs only Wi-Fi and is adaptable to the worker’s language and qualifications. The intuitive interface not only grants a high user acceptance among employees, it also allows on-the-job training of new workers.

With xMake, manufacturing processes are holistically optimized. The result is as simple as it is brilliant: higher quality outcomes at reduced costs!

### **Supported Processes**

- **Industrial assembly**
- **Contract manufacturing**
- **Machine operation**
- **Repair of returned goods**
- **Final product testing**
- **Training of workers**
- **Laboratory operations**
- **...and many more!**

## Core Features

### Automatic detection

Automatic identification of objects with sensors or image recognition for quality assurance

### Step-by-step instructions

Display dynamic & visual step-by-step instructions in field of view of worker (hands-free)

### Document every step

Use photos, videos or speech-to-text functionality to document each step and report errors

### Device agnostic

Solution deployable & is compatible with diverse hardware and software infrastructure

## Your Benefits

### Faster processes

Information instantly available offering up to 25% time savings

### Higher accuracy

Up to 50% error reduction due to integrated quality control

### Greater flexibility

Easy training and fast enablement of frontline workers

### Quick payback

Return on investment within a few months

### Trusted solution

Industry proven and in productive global use for years

### Satisfied workers

Better onboarding and training, intuitive use and less frustration

## Selected References

"xMake provides us with the capabilities to achieve safe and error-free processes. Our employees benefit from an intuitive and hands-free working style, and our customers from superior products and services. A long-term competitive advantage."

| **Wassim Saedi, CEO, WS Systems**
